The 15th Avenue ("Main Street") project area is located between 6th Street and 13th Street. The project team has designed streetscaping improvements to make 15th Avenue more pedestrian-friendly, accessible and connected to The Rust Belt and The Bend. We need your input! Join us at the second open house public meeting to share your feedback and ask questions. Comments received by June 25, 2024 will become part of the meeting record. Future public meetings will be held in 2024 for other project areas.
